This Miscellaneous report is filed in response to the Request for Additional Information dated January 4, 2015. The two donors in question, Claire Silberman and Steven Kazan, made their contributions via a conduit committee, ActBlue, which is noted on the filing. Their contributions were received by Barbara Lee for Congress on 11/4/2014, which was not inside the inclusion dates for the 48 hour reporting period, but the dates displayed for their contributions were inside the 48 hour reporting period as that was the day the transactions were received by the conduiting committee. Note that the dates displayed with each conduit Memo entry for these contributions is the date the conduits were received by Barbara Lee for Congress, 11/4/2014, which was outside of the 48 hour reporting period. Based on this information, we are able to confirm that these contributions were not required to be disclosed on a 48 hour report. Please let us know if we can provide any further information.
